Transition Automation Publishes Comprehensive Squeegee Selection and Ordering Guide

North Billerica, Massachusetts, USA —Transition Automation, Inc. the worldwide leader in the manufacturing and distribution of Permalex® Edge metal

squeegees, holder systems, and advanced self-cleaning squeegee systems, announces the completion of a comprehensive squeegee selection and ordering guide. The guide is the most comprehensive squeegee catalog ever produced and includes a listing of thirty different SMT Printing machine models, manufactured

around the world and the corresponding Universal Holder and Squeegee blade retrofit part numbers from Transition Automation, Inc. The catalog includes full details of the available options for squeegee blade choices, and also details various squeegee classes such as Full Universal Holder Assemblies, Closed Print Head blades, and Direct OEM Replacement blades. Two full pages are dedicated to offering tips and advice to assist end-users with their fine pitch

printing challenges. There are also methods described for creating “custom” designed squeegees for SMT engineers who wish to create tailor made squeegee solutions for their own unique processes.

The new catalog is available immediately on line, at www.TransitionAutomation.com/turboprinterupgrade3.html, and also may be requested in hard copy by emailing sales@transitionautomation.com, or calling toll free: 800-648-3338.

Transition Automation, Inc. is a worldwide leader in the manufacturing and distribution of Permalex® Edge Metal Squeegees, holder systems, and advanced self-cleaning squeegee systems. Founded in 1989, Transition Automation, Inc. continues to advance the state of the art in surface mount solder paste printing through innovation of the critical and high-cycle squeegee component of the SMT assembly process. The company is located at 101 Billerica Avenue, Building 5, North Billerica, MA 01862. Phone: 978-670-5500; Toll-Free U.S.: 800-648-3338; Fax 978-670-2300, Web: www.transitionautomation.com
