Transition Automation introduces an expanded line of Universal Holders for popular SMT Printers

New Products expand the availability of unique holders for SMT users

Tyngsboro, Massachusetts —Transition Automation, Inc. the worldwide leader in the manufacturing and distribution of Permalex® Edge Metal Squeegees, holder systems, and advanced self-cleaning squeegee systems today announces the availability of a wider range of holder systems to fit customer SMT printers. New Universal Holder and Blade assemblies are now available to fit the following SMT printing equipment:

Yamaha
Tenryu-Sieki
Hitachi
Milara
Speed-Print
Samsung
Misuzu
Minami

Transition's Universal Holder, US Patent No: 5,887,312, gives end-users a cost effective and efficient upgrade option compared to OEM supplied holders. The unique holders feature a light-weight design, sliding paste retainers, and flat, secure screw

locking of the blade. These new holders are available in stock and deliveries are normally 3-5 days A.R.O. Options available include colors (-Red, -Blue, -Green or -Silver), and Squeegee Angle.

Transition Automation, Inc., founded in 1989, continues to advance the state of the art in surface mount solder paste with innovations at the critical and high-cycle squeegee component of the SMT assembly process. The company recently relocated to 5 Trader Circle, Building D in Tyngsboro, Massachusetts 01879. For further information or to receive a quotation, please contact by email: sales@TransitionAutomation.com, or PH: 978-649-2400, or Toll-Free (in the U.S.A.) 800-648-3338; or via Fax at: 978-649-2491. www.transitionautomation.com
